MANY HORSES DIE

FORAGE POISONING CONTINUES RAVAGE IN NODAWAY.

HOPKINS HAS BIG LOSS

Farmers of North Part of County Suffer Greatest from "Corn Stalk" Disease—Assistance Too Late.

That the "corn stalk disease," or forage poisoning, is proving of great financial loss to the farmers of Nodaway county, particularly of the northern part, is shown by the fact that twenty-one horses in the vicinity of Hopkins have died within the last week or ten days. The worst feature appears to be that there is little chance to stop the ravage, other than for the owners of horses to refrain absolutely from feeding any kind of fodder, "rought" feed or silage.

Veterinarians over the county are receiving calls daily for assistance, but for the most part are unable to do anything, as most of the animals have died within a short time after becoming ill. In many of the cases death has occurred before the owner was aware of the horse's illness, usually during the night.

The following deaths of horses are reported this week by the Hopkins Journal: Edward Jeffers, 7; Ora Burch, 4; Bruce Williamson, 3; Clyde Olmstead, 2; Joseph Holker, 2 mules; S. C. Ramsey, 1; J. O. Dragoo, 1, and Ola Morehouse, 1.

FAMILY AWAY; HOUSE BURNS

Lonny Reynolds Return to Find Home Afire—Defective Flue the Cause.

While the entire family was away from home at 6:30 o'clock last night, fire broke out and a half an hour later the 2-room frame residence occupied by Lonny Reynolds and family, Water and Jenkins streets, was in ruins. In the meantime neighbors had carried out nearly all the furniture.

A fire in a heating stove and a defective flue are believed to have caused the fire. The loss is estimated at $400. The house was insured. It was owned by Dennis Reynolds, 1002 East Jenkins street, father of the occupant of the house. He lived in the first residence south of the one destroyed.

The fire was first discovered by Mrs. Thomas McMullin. She called Albert Belard, who had the fire department notified. The response was too late to save the house. Lonny Reynolds, who is a bricklayer, moved there last summer.

SELL HOPKINS FARMS.

North Township Land Sells High, Recent Deals Show—One Brought $140.

Two more Hopkins township farms have changed ownership recently. Charley Egger, who recently sold the old Kellar Thompson farm at $225 an acre, bought the old Henry Bridger 94-acre farm, two miles due south of Hopkins, at $140 an acre this week. The place was owned by William Alexander and Eber Collins, who had but recently traded for it.

The George Curry 146-acre farm, west of town, also has been sold to Elsworth Thompson for $1,218.

HOLD RITES FOR MISS KILDOW.

Funeral Services at Miller Home This Afternoon—Body Interred at Miriam.

The funeral services for Miss Emma Kildow, who died Saturday morning at Prescott, Ariz., were held at 2 o'clock this afternoon at the home of Mrs. Catherine Miller, on West Third street.

The service was conducted by the Rev. Samuel D. Harkness, pastor of the First Presbyterian church, assisted by the Rev. Gilbert S. Cox, pastor of the First Methodist church.

A quartet composed of Mrs. Charles Thorp, Miss Jeanette Mutz, Fred Lewis and John Mutz sang "There is a Land of Pure Delight," "Abide With Me" and "Jesus, Savior, Pilot Me."

The pall bearers were Emmett Scott, Walter Wray, W. G. Sawyers, Lester Bennett, Andy Chris Cummins and Harry Lyle.

The honorary pall bearers, selected from the Sigma Delta Chi sorority, of which Miss Kildow was a member, were Miss Hettie Anthony, Miss Grace Langan, Miss LaRue Kemp, Mrs. Bruce Montgomery, Mrs. Emmett Scott and Mrs. Bert K. Lewis.

Among the out-of-town friends attending the funeral were Miss Bessie Brown and Everett Dakan, students at the Missouri state university, who arrived from Columbia this morning; Miss Josephine Keeler of Hopkins, Arthur Miller of Kansas City, Mr. and Mrs. John Robert Miller of Collinsville, Okla., and Mr. and Mrs. Fletcher Irwin of Los Angeles, Cal.

The interment was made in Miriam cemetery.

REVIVAL INTEREST GROWS.

Both Afternoon and Night Services at Buchanan Street Church Well Attended.

The meetings at the Buchanan Street Methodist church are growing in interest. The attendance was larger yesterday afternoon and much larger last night than at any time this week.

Evangelist Llewellyn's text last night was Hebrews 2:3—"How shall we escape if we neglect so great salvation." The thoughts brought out were.

This is a great salvation because it saves from a great calamity; great because it saves for a great heaven; great because it saves all the human race who will accept it; more particularly great because it saves a great being, an immortal soul, a child of God, an heir to heaven and an equal heir of Jesus Christ to all things."

HOPKINS GETS BOGUS CHECKS.

"J. H. Anderson" Cashes 3 at Stores for $54.75—May Have Come Here.

A stranger cashed three checks, declared to be worthless, in Hopkins last Friday. Each check was for $18.25, and they were drawn on the Bank of Hopkins. They were signed by "J. H. Anderson" and drawn in favor of C. F. Allen. The checks were cashed by the Wolfers Mercantile company, Owl Pharmacy and the Sayler Hardware company.

When the checks were presented at the bank they were promptly turned down, there being no money on deposit for "J. H. Anderson." One of two strangers brought to Maryville that night is believed to have been the man who passed the worthless checks.

The authorities here or at Hopkins have not made any arrest in the case.

Miss Edna Randall left this morning for her home at Washington, Kan., after a visit in this city with Miss Ina Hallowell.

BEGIN LEGISLATION

MISSOURI'S FORTY-EIGHTH ASSEMBLY IS NOW ON.

DEMOCRATIC MAJORITY

House Division is Close, But Senate Has Few Republicans—Expect Important Session This Winter.

The Missouri legislature, which convened at Jefferson City yesterday, will have before it one of the most important legislative programs ever confronting a general assembly. While Governor Major will outline his views on what laws should be passed and press recommendations upon the legislature, most of the important bills will come to the legislature in the form of reports and recommendations of commissions appointed to make a study of that particular subject.

In the past the great difficulty of passing legislation of far-reaching effect has been the lack of information on the subject and the short time in which the legislature had to consider it. At the last session a number of senate commissions were appointed to make thorough studies of certain subjects and present the results of their work to the legislature. Most of these commissions did really serious work instead of engaging in junket trips for pleasure at the expense of the state.

Democrats in Majority.

Governor Major amplified this by the appointment of commissioners to cover two subjects that subsequent events proved needed legislation badly. One of his commissions has worked out the election law which the legislature will be asked to pass to check ballot crimes in the two largest cities. The other will present recommendations on fire insurance following the threatened withdrawal of the fire companies two years ago.

The liquor issue will be a big one again in the legislature. The drys will present a program that directly concerns Kansas City—a precinct local option bill. That, if passed, will enable residence districts in the cities to vote out saloons. County unit probably will be presented again.

The senate is overwhelmingly Democratic, but in the house the vote is close and party lines will cut a much larger figure than they have in the last four years.

MAY BUILD HOME

POLAND-CHINA BREEDERS WOULD HOUSE STANDARD ASSOCIATION

DAVIS, NEW SECRETARY

Nebraska Farm Expert Succeeds Geo. F. Woodworth—C. D. Bellows Again Treasurer.

With the effective blocking yesterday by a vote of 538 to 52 of efforts to remove the headquarters of the Standard Poland-China Record association from Maryville, a committee was today appointed by the board of directors of that association to select a site and building to house the organization. The committee consists of W. O. Garrett and Fred P. Robinson, both of this city.

They were selected at an executive meeting of the directorate this morning. The committee is expected to investigate the matter at once and report to the directorate at a special meeting within a month or six weeks, probably.

May Erect Own Building.

"We will get together within a few days and go over the building proposition, look up available sites, and if necessary erect a new building for the housing of the association," said Mr. Garrett this afternoon.

"With the location of the association offices apparently definitely established for years to come, we feel safe in going ahead for permanent improvements for the Standard."

The association has been housed in the present location, at the rear of the shop of the Maryville Advertising company, northeast corner of Market and Third streets, for about twenty years. The space is entirely too small for the association and has been for years past, it is said. But the belief that in time the offices would be moved retarded any plans for improvement.

Frank Garrett Remains.

Ray Davis of Lincoln, Neb., field representative for the last four years of the Independent Farmer of Lincoln, was appointed secretary of the association at noon today. He succeeds George F. Woodworth. The change is effective at once.

Frank Garrett, assistant secretary of the association for the last seventeen years, will continue in that capacity. As Mr. Davis will be in the field considerably in the interest of the association, Mr. Garrett will take on added duties at the headquarters. The salary of Mr. Davis will remain practically the same as that received by Mr. Woodworth, W. O. Garrett announced.

Father Lived at Clearmont.

Mr. Davis will move his family to Maryville as soon as possible. He is considered well qualified to take the position. His father is an extensive breeder of thoroughbred stock in Nebraska. Young Davis also had the practical training, in addition to the theoretical.

The elder Davis formerly was a Missourian, having moved from a farm near Clearmont to Nebraska in 1885.

W. O. Garrett of Maryville was elected president of the board of directors today to succeed J. H. Harvey of Maryville.

C. D. Bellows was re-elected treasurer.

The annual meeting of the association was formally adjourned this afternoon when the work of the board of directors was completed. Next year's meeting probably will be held in Maryville.

The concluding address at the meeting of the stockholders of the Standard Poland-China Record association at the court house yesterday afternoon was made by Sanmuel McKelvie of Fairfield, Neb., one of the outgoing members of the directorate. His address followed those by L. D. Van Vliet and W. E. Spratt of St. Joseph.

Mr. McKelvie said in part:

"I want to congratulate these Maryville people on building up an institution of this kind here in their midst. There is now but few of the original members that conceived the idea of a record association at this point with us today.

"I want to speak of the merits of the Poland-China Record association, and ask that each one make a committee of himself to advance the interest of this association; and to interest his neighbor breeder, or man going into the business of breeding Poland-China hogs, that he is coming in contact with, in this record. Now, this association has not grown to the present proportions from the fact of any boom arrangements or from anything of that kind, but simply from the merits that is in the record.

"A record, as I said last night, is only a history. If that history is not complete then it is invaluable, and today the standard Poland-China record as saved by the record is the only record in existence. The reason is because of the fact that within our own volumes, the names recorded therein, the owners can trace them without the aid or assistance of other record.

"A [illegible] there was a fad coming up about color in the breeding of Poland-China hogs, just as there was a fad about breeding Shorthorn cattle. Some of the older members here may remember our old friend Frank Bellows bred Shorthorn cattle. That for a time destroyed their merits for other considerations. A similar thing came up about Poland-China hogs, and many a time we received inquiries for pigs that were black with six white spots. We lost sight of size.

"In breeding this hog there are just three considerations—size, polish and good feeding qualities. If you have all of those in one animal you have it all. They had lost sight of that matter of size that those Nebraska fellows stood for, and today when you come to Nebraska you will find animals that weigh a thousand pounds and past, smooth of finish. It shows what can be done where they stand together. Others have taken it up. Missouri has helped it and is in line.

"When you pick up the papers the thing that is put the most stress on is big bone. It is not the location that makes those things. That is what I think helped in the matter of this record association. It is the merit, in the first place, and the next, the push you put back of that to make yourself known.

"We want to make known we have an association here worth while to these men that are going into the Poland-China business south and west of us, and you will get them if you go after them. We are now breeding the same type of hog that is useful to the farmer, so then there is no reason why we cannot make this one of the greatest records, which it is today. There is room for two Poland-China records in the United States. There was one time we talked of consolidation. I believe it is a good thing there are two records, because there is room for them. Hogs are so numerous that if they were all in one association the volume would be too cumbersome."

Fire Destroys Eudora District Building and Its Contents.

The Eudora district school house, southwest of Burlington Junction, and its contents were burned Monday night.

No school is being held or will be until after a directors' meeting, which is being held at Burlington Junction this afternoon, to make provisions for the reopening.

About $30 worth of books belonging to the teacher, Miss Maybird Carver of Guilford, a new piano, which was recently purchased, and the school library were destroyed.

The origin of the fire is supposed to be from a defective flue.

Recovers from Wounds.

Chancel Conn of Allendale, a relative of Probate Judge W. H. Conn of this city, has been released from Ensworth hospital at St. Joseph, after being there about ten days as the result of gun wounds received in a fight at Allendale. Laurie Murray, who is charged with the shooting, was released on $5,000 bond.

Begins School Inspection.

Albert H. Cooper, the new county school superintendent, has begun the inspection of the public schools of Nodaway county. He visited several schools in the vicinity of Hopkins yesterday. Before resigning, Prof. W. M. Oakerson had inspected about two-thirds of the 178 schools of the county. Most of those uninspected are in the north part of the county.

Pickering Farmer Loses $2,000 by Fire—Second Loss Within Six Months.

A large barn on the farm of Orris Saunders, west of Pickering, and its contents, which comprised about ten tons of hay, 200 bushels of corn, a number of small implements and tools and a team of horses, was burned last night.

The firt was noticed about 7 o'clock by a neighbor. The blaze spread so rapidly that nothing could be saved.

The loss will probably exceed $2,000. The cause of the fire is unknown, and no possible solution for the origin can be given by Mru Saunders or any member of the family.

The loss is the second which Mr. Saunders has suffered by fire within the past six months. Late in August of last year the barn and contents on the Saunders farm were burned. The loss at that time was about $1,000.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25-cent Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine downy hair—new hair—growing all over the scalp.

TO INSPECT COMPANY F.

U. S. Army Officer to Visit Local National Guard Quarters February 3.

The annual inspection of Company F, Fourth regiment, National Guards of Missouri, will be held February 3 in the armory, West Fourth street, by Captain Charles Gordon, U. S. army. He is detailed on National Guard duty.

In preparation for this annual visitation, Lieutenant Loren DeMotte, who is in charge, announced at the weekly meeting last night that every member would be expected to attend each drill for the next month.

It is compulsory that thirty-five men be present to insure the existence of the company. As many of the members of Company F are out of town, the weekly drill attendance has been small. More are coming now, however.

Twenty-two attended the drill last night. Following the drill, preparations were made for a banquet to be served by the company after the annual inspection next month.

Called by Mother's Illness.

Mr. and Mrs. Harry Lucas of Oklahoma arrived in the city yesterday, called here by the serious illness of Mr. Lucas' mother, Mrs. S. R. Lucas.

COMFORTING WORDS.

Many a Maryville Household Will Find Them So.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Maryville readers.

Mrs. J. R. Kissinger, 707 East Second street, Maryville, says: "I had pains through my hips and was tired and weak. I couldn't rest well. After using a few boxes of Doan's Kidney Pills, I felt better and gradually my health improved until I was in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kissinger had. Foster-Milburn Co., Props, Buffalo, N. Y.

Market Live Stock.

The following Nodaway county farmers marketed stock in St. Joseph yesterday: W. Brunk, J. W. Praisewater, McCrary & Co., Will N. Wray, Buck & Co., J. W. Shores, J. L. Martin, Ed Walker, Sherlock & Co., Sheely & Lowrey, L. Morehouse, C. Linville, C. C. Carr, Wray & Co., J. R. Harmon, S. H. Moffitt, N. Hilyer and B. M. Wilson.

BEST LAXATIVE FOR BOWELS—"CASCARETS"

They Clean Liver; Sweeten Stomach; End Sick Headache, Bad Breath, Indigestion, Constipation.

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills, castor oil or purgative waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

Fall Dislocates Shoulder.

While repairing eave troughs on the north side of the Mutti & Brown building at Hopkins Monday afternoon, the ladder on which Charley Evans was standing slipped from under him and he fell to the pavement, dislocating a shoulder.

Don't wait until spring to have your car painted. Now is the best time. Barmann Auto Co. 7-16

Hopkins Methodists Campaign.

The revival services being conducted by Evangelist Wright at the Methodist church in Hopkins are drawing large crowds and are creating considerable interest, according to reports. ONE DOSE RELIEVES A COLD—NO QUININE

"Pape's Cold Compound" Makes You Feel Fine at Once—Don't Stay Stuffed Up—Take It Now.

Relief comes instantly.

A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

Now is the time to have your car or buggy painted and repaired. Barmann Auto Co. 7-16

Talk on Osteopathy

Number 5

A few years ago a young man was visiting a well known Nodaway county farmer. This young man took seriously sick one night with Asthma and nearly died. When he finally got some better this farmer told him that he was the biggest fool he ever knew and that if he had that trouble he would immediately go to Dr. Still at Kirksville. This young man answered him and said: "Have I not consulted all the best specialists in the United States and none of them can help me?" The farmer said, "Yes, but you have never been to Kirksville to Dr. Still." In the meantime this young man went back home to Illinois and this Nodawy county farmer went to Kirksville to consult Dr. Still for treatment and while there he received a telegram one day from the same young man stating that he would be in Kirksville that night. When he arrived in Kirksville he was very much disappointed with what he saw and said he had no faith in Dr. Still. This Nodaway county farmer said that Dr. Still does not care whether you have any faith or not, he will cure you any way. The next day the young man went over with this farmer and consulted Dr. Still. Dr. Still gave him one treatment and that same night the young man said that he felt different and that Dr. Still had certainly done something to him but he could not tell what. That night he tried every way he knew of to get the Asthma to return but it would not. The next day he again saw Dr. Still for another treatment and the young man asked Dr. Still how long he would have to continue the treatments. Dr. Still said "You are cured now, but I would like to see you again in four weeks." The young man said to Dr. Still, "Suppose I get another bad spell before four weeks?" Then Dr. Still answered saying that you will want to see me a whole lot worse than I will you.

This young man returned home to Illinois starting to dance and doing all other manner of things which he could not do before taking this treatment, as the Asthma immediately came back when he went into dusty places. When he found he could not get the Asthma to return he wrote to this farmer who was still at Kirksville, asking him to find out from Dr. Still what he would charge to teach him "How to cure Asthma." Dr. Still answered saying that if he taught him how to cure Asthma, it would not be a week before he would want to know how to cure something else just as bad. Tell him I will teach him the whole thing for a certain sum and immediately by return mail Dr. Still received a check from this young man for a course in Osteopathy. He is now a Osteopathic Practitioner in Cincinnati, Ohio.

MANY HORSES DIE

FORAGE POISONING CONTINUES RAVAGE IN NODAWAY.

HOPKINS HAS BIG LOSS

Farmers of North Part of County Suffer Greatest from "Corn Stalk" Disease—Assistance Too Late.

That the "corn stalk disease," or forage poisoning, is proving of great financial loss to the farmers of Nodaway county, particularly of the northern part, is shown by the fact that twenty-one horses in the vicinity of Hopkins have died within the last week or ten days. The worst feature appears to be that there is little chance to stop the ravage, other than for the owners of horses to refrain absolutely from feeding any kind of fodder, "rought" feed or silage.

Veterinarians over the county are receiving calls daily for assistance, but for the most part are unable to do anything, as most of the animals have died within a short time after becoming ill. In many of the cases death has occurred before the owner was aware of the horse's illness, usually during the night.

The following deaths of horses are reported this week by the Hopkins Journal: Edward Jeffers, 7; Ora Burch, 4; Bruce Williamson, 3; Clyde Olmstead, 2; Joseph Holker, 2 mules; S. C. Ramsey, 1; J. O. Dragoo, 1, and Ola Morehouse, 1.

FAMILY AWAY; HOUSE BURNS

Lonny Reynolds Return to Find Home Afire—Defective Flue the Cause.

While the entire family was away from home at 6:30 o'clock last night, fire broke out and a half an hour later the 2-room frame residence occupied by Lonny Reynolds and family, Water and Jenkins streets, was in ruins. In the meantime neighbors had carried out nearly all the furniture.

A fire in a heating stove and a defective flue are believed to have caused the fire. The loss is estimated at $400. The house was insured. It was owned by Dennis Reynolds, 1002 East Jenkins street, father of the occupant of the house. He lived in the first residence south of the one destroyed.

The fire was first discovered by Mrs. Thomas McMullin. She called Albert Melard, who had the fire department notified. The response was too late to save the house. Lonny Reynolds, who is a bricklayer, moved there last summer.

The place was owned by William Alexander and Eber Collins, who had but recently traded for it.

The George Curry 146-acre farm, west of town, also has been sold to Ellsworth Thompson for $1,218.

REVIVAL INTEREST GROWS.

Both Afternoon and Night Services at Buchanan Street Church Well Attended.

The meetings at the Buchanan Street Methodist church are growing in interest. The attendance was larger yesterday afternoon and much larger last night than at any time this week.

Evangelist Llewellyn's text last night was Hebrews 2:3—"How shall we escape if we neglect so great salvation." The thoughts brought out were.

This is a great salvation because it saves from a great calamity; great because it saves for a great heaven; great because it saves all the human race who will accept it; more particularly great because it saves a great being, an immortal soul, a child of God, an heir to heaven and an equal heir of Jesus Christ to all things."

HOPKINS GETS BOGUS CHECKS.

"J. H. Anderson" Cashes 3 at Stores for $54.75—May Have Come Here.

A stranger cashed three checks, declared to be worthless, in Hopkins last Friday. Each check was for $18.25, and they were drawn on the Bank of Hopkins. They were signed by "J. H. Anderson" and drawn in favor of C. F. Allen. The checks were cashed by the Wolfers Mercantile company, Owl Pharmacy and the Sayler Hardware company.

When the checks were presented at the bank they were promptly turned down, there being no money on deposit for "J. H. Anderson." One of two strangers brought to Maryville that night is believed to have been the man who passed the worthless checks.

The authorities here or at Hopkins have not made any arrest in the case.

Miss Edna Randall left this morning for her home at Washington, Kan., after a visit in this city with Miss Ina Hallowell.

BEGIN LEGISLATION

MISSOURI'S FORTY-EIGHTH ASSEMBLY IS NOW ON.

DEMOCRATIC MAJORITY

House Division is Close, But Senate Has Few Republicans—Expect Important Session This Winter.

The Missouri legislature, which convened at Jefferson City yesterday, will have before it one of the most important legislative programs ever confronting a general assembly. While Governor Major will outline his views on what laws should be passed and press recommendations upon the legislature, most of the important bills will come to the legislature in the form of reports and recommendations of commissions appointed to make a study of that particular subject.

In the past the great difficulty of passing legislation of far-reaching effect has been the lack of information on the subject and the short time in which the legislature had to consider it. At the last session a number of senate commissions were appointed to make thorough studies of certain subjects and present the results of their work to the legislature. Most of these commissions did really serious work instead of engaging in junket trips for pleasure at the expense of the state.

Democrats in Majority.

Governor Major amplified this by the appointment of commissioners to cover two subjects that subsequent events proved needed legislation badly. One of his commissions has worked out the election law which the legislature will be asked to pass to check ballot crimes in the two largest cities. The other will present recommendations on fire insurance following the threatened withdrawal of the fire companies two years ago.

The liquor issue will be a big one again in the legislature. The drys will present a program that directly concerns Kansas City—a precinct local option bill. That, if passed, will enable residence districts in the cities to vote out saloons. County unit probably will be presented again.

The senate is overwhelmingly Democratic, but in the house the vote is close and party lines will cut a much larger figure than they have in the last four years.

MAY BUILD HOME

POLAND-CHINA BREEDERS WOULD HOUSE STANDARD ASSOCIATION

DAVIS, NEW SECRETARY

Nebraska Farm Expert Succeeds Geo. F. Woodworth—C. D. Bellows Again Treasurer.

With the effective blocking yesterday by a vote of 538 to 52 of efforts to remove the headquarters of the Standard Poland-China Record association from Maryville, a committee was today appointed by the board of directors of that association to select a site and building to house the organization. The committee consists of W. O. Garrett and Fred P. Robinson, both of this city.

They were selected at an executive meeting of the directorate this morning. The committee is expected to investigate the matter at once and report to the directorate at a special meeting within a month or six weeks, probably.

May Erect Own Building.

"We will get together within a few days and go over the building proposition, look up available sites, and if necessary erect a new building for the housing of the association," said Mr. Garrett this afternoon.

"With the location of the association offices apparently definitely established for years to come, we feel safe in going ahead for permanent improvements for the Standard."

The association has been housed in the present location, at the rear of the shop of the Maryville Advertising company, northeast corner of Market and Third streets, for about twenty years. The space is entirely too small for the association and has been for years past, it is said. But the belief that in time the offices would be moved retarded any plans for improvement.

Frank Garrett Remains.

Ray Davis of Lincoln, Neb., field representative for the last four years of the Independent Farmer of Lincoln, was appointed secretary of the association at noon today. He succeeds George F. Woodworth. The change is effective at once.

Frank Garrett, assistant secretary of the association for the last seventeen years, will continue in that capacity. As Mr. Davis will be in the field considerably in the interest of the association, Mr. Garrett will take on added duties at the headquarters. The salary of Mr. Davis will remain practically the same as that received by Mr. Woodworth, W. O. Garrett announced.

Father Lived at Clearmont.

Mr. Davis will move his family to Maryville as soon as possible. He is considered well qualified to take the position. His father is an extensive breeder of thoroughbred stock in Nebraska. Young Davis also had the practical training, in addition to the theoretical.

The elder Davis formerly was a Missourian, having moved from a farm near Clearmont to Nebraska in 1885.

W. O. Garrett of Maryville was elected president of the board of directors today to succeed J. H. Harvey of Maryville.

C. D. Bellows was re-elected treasurer.

The annual meeting of the association was formally adjourned this afternoon when the work of the board of directors was completed. Next year's meeting probably will be held in Maryville.

The concluding address at the meeting of the stockholders of the Standard Poland-China Record association at the court house yesterday afternoon was made by Sanmuel McKelvie of Fairfield, Neb., one of the outgoing members of the directorate. His address followed those by L. D. Van Vliet and W. E. Spratt of St. Joseph.

Mr. McKelvie said in part:

"I want to congratulate these Maryville people on building up an institution of this kind here in their midst. There is now but few of the original members that conceived the idea of a record association at this point with us today.

"I want to speak of the merits of the Poland-China Record association, and ask that each one make a committee of himself to advance the interest of this association; and to interest his neighbor breeder, or man going into the business of breeding Poland-China hogs, that he is coming in contact with, in this record. Now, this association has not grown to the present proportions from the fact of any boom arrangements or from anything of that kind, but simply from the merits that is in the record.

"A record, as I said last night, is only a history. If that history is not complete then it is invaluable, and today the standard Poland-China record as saved by the record is the only record in existence. The reason is because of the fact that within our own volumes, the names recorded therein, the owners can trace them without the aid or assistance [illegible] other record.

"A [illegible] there was a fad coming up about color in the breeding of Poland-China hogs, just as there was a fad about breeding Shorthorn cattle. Some of the older members here may remember our old friend Frank Bellows bred Shorthorn cattle. That for a time destroyed their merits for other considerations. A similar thing came up about Poland-China hogs, and many a time we received inquiries for pigs that were black with six white spots. We lost sight of size.

"In breeding this hog there are just three considerations—size, polish and good feeding qualities. If you have all of those in one animal you have it all. They had lost sight of that matter of size that those Nebraska fellows stood for, and today when you come to Nebraska you will find animals that weigh a thousand pounds and past, smooth of finish. It shows what can be done where they stand together. Others have taken it up. Missouri has helped it and is in line.

"When you pick up the papers the thing that is put the most stress on is big bone. It is not the location that makes those things. That is what I think helped in the matter of this record association. It is the merit, in the first place, and the next, the push you put back of that to make yourself known.

"We want to make known we have an association here worth while to these men that are going into the Poland-China business south and west of us, and you will get them if you go after them. We are now breeding the same type of hog that is useful to the farmer, so then there is no reason why we cannot make this one of the greatest records, which it is today. There is room for two Poland-China records in the United States. There was one time we talked of consolidation. I believe it is a good thing there are two records, because there is room for them. Hogs are so numerous that if they were all in one association the volume would be too cumbersome."

Fire Destroys Eudora District Building and Its Contents.

The Eudora district school house, southwest of Burlington Junction, and its contents were burned Monday night.

No school is being held or will be until after a directors' meeting, which is being held at Burlington Junction this afternoon, to make provisions for the reopening.

About $20 worth of books belonging to the teacher, Miss Mayhird Carver of Guilford, a new piano, which was recently purchased, and the school library were destroyed.

The origin of the fire is supposed to be from a defective flue.

Recovers from Wounds.

Chancel Conn of Allendale, a relative of Probate Judge W. H. Conn of this city, has been released from Ensworth hospital at St. Joseph, after being there about ten days as the result of gun wounds received in a fight at Allendale. Albert H. Cooper, the new county school superintendent, has begun the inspection of the public schools of Nodaway county. He visited several schools in the vicinity of Hopkins yesterday. Before resigning, Prof. W. M. Oakerson had inspected about two-thirds of the 178 schools of the county. Most of those uninspected are in the north part of the county.

Dispatches received last night at Piedras Negras, the Mexican town across the border from here, announce Villa's defeat, and that his 20,000 troops were in full retreat toward Torreon, with heavy losses sustained. It was declared the Carranza troops numbered only 15,000.

O. R. SAUNDERS' BARN BURNS.

Pickering Farmer Loses $2,000 by Fire—Second Loss Within Six Months.

A large barn on the farm of Orris Saunders, west of Pickering, and its contents, which comprised about ten tons of hay, 200 bushels of corn, a number of small implements and tools and a team of horses, was burned last night.

The firt was noticed about 7 o'clock by a neighbor. The blaze spread so rapidly that nothing could be saved.

The loss will probably exceed $2,000. The cause of the fire is unknown, and no possible solution for the origin can be given by Mrs Saunders or any member of the family.

The loss is the second which Mrs. Saunders has suffered by fire within the past six months. Late in August of last year the barn and contents on the Saunders farm were burned. The loss at that time was about $1,000.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25-cent Bottle of Danderine Right Now—Also Stops Itching Scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine downy hair—new hair—growing all over the scalp.

TO INSPECT COMPANY F.

U. S. Army Officer to Visit Local National Guard Quarters February 3.

The annual inspection of Company F, Fourth regiment, National Guards of Missouri, will be held February 3 in the armory, West Fourth street, by Captain Charles Gordon, U. S. army. He is detailed on National Guard duty.

In preparation for this annual visitation, Lieutenant Loren DeMotte, who is in charge, announced at the weekly meeting last night that every member would be expected to attend each drill for the next month.

It is compulsory that thirty-five men be present to insure the existence of the company. As many of the members of Company F are out of town, the weekly drill attendance has been small. More are coming now, however.

Twenty-two attended the drill last night. Following the drill, preparations were made for a banquet to be served by the company after the annual inspection next month.

Talk on Osteopathy

Number 5

A few years ago a young man was visiting a well known Nodaway county farmer. This young man took seriously sick one night with Asthma and nearly died. When he finally got some better this farmer told him that he was the biggest fool he ever knew and that if he had that trouble he would immediately go to Dr. Still at Kirksville. This young man answered him and said: "Have I not consulted all the best specialists in the United States and none of them can help me?" The farmer said, "Yes, but you have never been to Kirksville to Dr. Still." In the meantime this young man went back home to Illinois and this Nodaway county farmer went to Kirksville to consult Dr. Still for treatment and while there he received a telegram one day from the same young man stating that he would be in Kirksville that night. When he arrived in Kirksville he was very much disappointed with what he saw and said he had no faith in Dr. Still. This Nodaway county farmer said that Dr. Still does not care whether you have any faith or not, he will cure you any way. The next day the young man went over with this farmer and consulted Dr. Still. Dr. Still gave him one treatment and that same night the young man said that he felt different and that Dr. Still had certainly done something to him but he could not tell what. That night he tried every way he knew of to get the Asthma to return but it would not. The next day he again saw Dr. Still for another treatment and the young man asked Dr. Still how long he would have to continue the treatments. Dr. Still said "You are cured now, but I would like to see you again in four weeks." The young man said to Dr. Still, "Suppose I get another bad spell before four weeks?" Then Dr. Still answered saying that you will want to see me a whole lot worse than I will you.

This young man returned home to Illinois starting to dance and doing all other manner of things which he could not do before taking this treatment, as the Asthma immediately came back when he went into dusty places. When he found he could not get the Asthma to return he wrote to this farmer who was still at Kirksville, asking him to find out from Dr. Still what he would charge to teach him "How to cure Asthma." Dr. Still answered saying that if he taught him how to cure Asthma, it would not be a week before he would want to know how to cure something else just as bad. Tell him I will teach him the whole thing for a certain sum and immediately by return mail Dr. Still received a check from this young man for a course in Osteopathy. He is now a Osteopathic Practitioner in Cincinnati, Ohio.
